

PIC Freeze Request

I requested that Tohono O'odham Utility Authority place:

an *InterLATA* PIC Freeze

an *IntraLATA* PIC Freeze

both an InterLATA and an IntraLATA PIC Freeze

on my telephone number(s), listed below. If I have more than one telephone line, and if I am not using the same long distance company for all those lines, I must fill out separate PIC freeze for each long distance company whose service i wish to freeze:

() _____
() _____

() _____
() _____

I understand that, for the telephone numbers(s) listed above, _____
(provide name of long distance company) is my long distance company, and I agree that this selection cannot be changed without my authorization, according to the procedures provided in this document by the Tohono O'odham Utility Authority.

Specifically, Tohono O'odham Utility Authority requires that I provide my Customer Service Representative with the proper identification (i.e., social security number) before being permitted to lift my PIC freeze(s). I may provide this information over the phone, by coming into the commercial office.

Tohono O'odham Utility Authority has indicated that there will be no charge for placing a PIC freeze on my telephone line, nor will there be a charge for lifting my PIC freeze. I further understand that the duration of the PIC freeze is at my discretion, and implies no minimum or maximum period of time.
