## ***THE INTERVIEW***

1. The Interview is worth 200 points out of the 300 to determine the finalists. You will be given an opportunity to speak about your essay.
2. The Interview portion of the competition allows judges to learn more about you, your background, activities, goals and interests. It will also demonstrate how well you present yourself to others.
3. Be prepared to be interviewed by a panel of judges who will ask each finalist the same pre-determined questions. The entire interview process will last at least 15 – 20 minutes.
4. The judges will score your interview on five factors:

~ Appearance 40 points	~ Community/School Involvement 40 points
~ Personality 40 points	~ Responsibility 40 points
~ Effective communication 40 points	

NOTE: Past judges said they are impressed by confident, enthusiastic students who are involved in their school and community and who have an awareness of themselves and the world. The best advice is to be yourself and take the opportunity to allow the judges to learn about you.

**GOOD LUCK!**
